

Mga bagay na kailangan mong malaman:

Kinakailangan ng programang SOMAH na tumanggap ang mga nangungupahan ng hindi bababa sa 51% ng mga solar na kredit mula sa bawat proyektong SOMAH. Ang Virtual Net Energy Metering (VNEM) ay gagamitin upang direktang ilapat ang mga solar na kredit sa iyong kuwenta ng utility. Ang VNEM ay isang proseso ng pagkuwenta na nagbibigay-daan sa iisang solar na sistemang PV na hatiin ang mga kredit sa kuwenta sa maramihang sambahayan ng nangungupahan at lugar para sa publiko.

Sinusubaybayan ng VNEM na

- 1 Ang kuryenteng ginawa ng mga solar panel sa iyong gusali
- 2 Ang kuryente ay pinapadala sa grid ng kuryente at sinusukat ng isang metro ng solar
Ang grid ng kuryente ay ang network na pinapatakbo ng iyong kumpanya ng utility na naghahatid ng kuryente sa mga tahanan, negosyo at iba pang mga gumagamit.
- 3 Ang kuryente na ginagamit ng iyong sambahayan ay sinusukat ng iyong metro ng kuryente
- 4 Idadagdag ng iyong kumpanya ng utility ang mga solar na kredit na inilaan sa iyong sambahayan, na magbabawas sa iyong buwanang kuwenta

Ano ang dapat mong malaman tungkol sa iyong bagong kuwenta ng utility

Mahalagang maunawaan kung paano makakaapekto ang pagkakaroon ng solar sa iyong gusali sa iyong kuwenta ng utility. Magkakaroon ng mga pagbabago sa parehong hitsura ng iyong kuwenta at sa paraan ng pagkakalkula nito.

Ano ang iba't ibang uri ng istruktura ng halaga ng utility?

Depende sa iyong kumpanya ng utility, kakalkulahin ang iyong kuwenta batay sa isa sa dalawang magkaibang istruktura ng halaga: pamantayan at oras-ng-paggamit (time-of-use, TOU). Sa kasalukuyan, malamang ikaw ay nasa pamantayan na halaga, ngunit sa solar, maaari kang ilipat sa halaga ng oras-ng-paggamit.

Pamantayan na Halaga

Kinakalkula ang iyong kuwenta sa pamamagitan ng magkakaibang baitang o antas. Ang bawat baitang ay mayroong partikular na bilang ng mga yunit ng kuryente (kilowatt-hours o kWh) na maaari mong gamitin. Kapag ginamit mo ang lahat ng yunit ng kuryente sa isang baitang, nakahanay ka sa susunod na baitang. Kapag umangat ka mula sa isang baitang patungo sa isang mas mataas na baitang mas mataas ang babayaran mo. Karaniwang may dalawa hanggang apat na baitang sa iyong kuwenta ng utility.

Oras-ng-paggamit (Time-of-use, TOU)

Ang oras-ng-paggamit ay nag-aalok ng magkakaibang halaga sa magkakaibang oras. Ibig sabihin ay mag-iiba ang halaga ng bawat yunit ng kuryente (kilowatt-hour or kWh) batay sa oras ng araw na ginamit o kinunsumo ito. Ang mga halaga ng TOU ay may mga oras nasa-tuktok at mga oras na wala-sa-tuktok, at ang mga halaga ng kuryente ay mas mataas sa mga oras nasa tuktok.

TOU at SOMAH

Sa sandaling ma-ikabit at gumagana ang mga solar panel, maaari kang ilipat ng iyong kumpanya ng utility sa halaga ng TOU. Kung gusto mo, maaari mong gamitin ang isang pamantayan na halaga na plano sa halip. Para sa higit pang impormasyon tungkol sa mga halaga ng TOU at mga pamantayan na halaga na iniaalok ng iyong kumpanya ng utility, tawagan ang PG&E sa Ingles: 800-743-5000 | Espanyol: 800-660-6789

Electric Monthly Billing History

This is your PG&E bill that says "Energy Statement" each month along with your VNEM statement. "Current Electric Charges" on your PG&E bill match the "Total Billed Amount" on your VNEM statement. Please note that "Total Amount Due" on the PG&E bill includes any gas charges.

Please return this portion with your payment. No staples or paper clips. Do not fold. Thank you.

Rules and rates

You may be eligible for a lower rate. To learn more about optional rates or view a complete list of rules and rates, visit www.pge.com or call 1-800-743-5000.

If you believe there is an error on your bill, please call **1-800-743-5000** to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting www.cpuc.ca.gov/complaints/.

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

Important definitions

Rotating outage blocks are subject to change without advance notice due to operational conditions.

Tier 1/Baseline allowance: Some residential rates are given a Tier 1/Baseline allowance - a CPUC approved percentage of average customer usage during summer and winter months. Your Tier 1/Baseline allowance provides for basic needs at an affordable price and encourages conservation. Your allowance is assigned based on the climate where you live, the season and your heat source. As you use more energy, you pay more for usage. Any usage over your baseline allowance will be charged at a higher price.

High Usage: An increased price per kWh whenever electricity usage exceeds four times the Baseline Allowance (Tier 1) in a billing period. This charge does not apply to Time-of-Use rate plans.

"PG&E" refers to Pacific Gas and Electric Company, a subsidiary of PG&E Corporation. © 2020 Pacific Gas and Electric Company. All rights reserved.
