

Certification of Compliance with SOMAH Performance Requirements for Third-Party Owned Systems

Complete the document and sign below. Submit this form with the SOMAH Proof of Project Milestone. All third-party owned systems are required to provide operations, maintenance and monitoring services for the full term of the third-party ownership agreement. Additionally, third-party owned systems must include performance guarantees ensuring the systems will produce a minimum of 90% of the expected annual output (kWh) and provide financial compensation for any production shortfalls in a given year.

List name and address of multi-family low income property:

Property Name:

Address:
